Venom Blackbird

Words: Richard Saunders | Photographer: Alysha Nett

Hey Venom! Welcome to Elite, tell us a bit about yourself: Hello and thank you for the warm welcome! My name's Venom Blackbird, aka Venom Suicide over at SuicideGirls.com. I'm a professional rock climber with SoiLL Climbing, mediocre babe and nature photographer, part time metal smith, full time dog mom, and over all outdoors inhabitant/wild life petter. Any given day you can find me with a camera around my neck and my dog by my side exploring the world.

How long have you been modelling? 6 years strong.

What was it like to work with Alysha Nett on this shoot? Alysha is wonderful, I love working with her. She does a great job as a photographer, and is an over all awesome boss lady inspiration.

What was your favourite part of the shoot? Honestly, just getting to know her a bit more was great. Taking a glimpse at how many irons she has, successfully, in the fire was really neat. As someone with a room full of different hats to wear, it was a really great to see someone else doing the same, and killing it.

Photographer: Alysha Nett

WHAT'S YOUR FAVOURITE SONG CURRENTLY? AT THE MOMENT, ANYTHING ON MY METICULOUSLY HONED GOTH PANDORA STATION.

What's your favourite part of your body and why? I've got a major sweet tooth, so I'd have to say my pancreas. It puts in overtime.

On a scale of one to ten, how good looking are you? I'm sorry, I was told there would be no math involved.

If you could model for any brand, product or company, which would it be and why? NASA's future automated AI system, I've always had a thing for Hal 9000.

You're hosting an Elite sponsored jello wrestling competition. Which four celebrity combatants will you book and why? In arena 1 would have to be Rhonda Rousey and Bill Cosby, because I think it would be refreshing to see the reverse of Bill in a sleeper hold. Secondly, myself (as you didn't define "celebrity") up against Krysten Ritter, in hopes that the regulation Elite jelly happens to be a conductor of her magic and I could manage to absorb even the slightest amount of it.

What would you like Elite readers to take away from your pictures in our illustrious mag? Reduce, reuse, recycle.

What's a guaranteed turn on for you? Near death experiences.

Describe your perfect photoshoot: Underwater off the coast of New Zealand, I'd be dressed in some incredible Jane Doe Latex sheer gown riding an orca with fire erupting from ocean vents behind us.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? I stay in shape for climbing. My regimen is a lot of core, pull ups and hand exercises, and lower body calisthenics. I do eat a healthy diet too, but again, it's function not fashion.

What do you like most about Elite? They've got good taste in babes and games, and they've been exceedingly nice to my friends and me!

Photographer: Alysha Nett

PHOTOGRAPHER: ALYSHA NETT

Finally, is there anything you would like to say to the Elite Readers? To the couple readers that made it this far, thanks for sticking with me! And of course ogling mine and Alysha's hard work! If you're dying for more feel free to follow me on IG @venomblackbird, or on my own personal site venomblackbird.com.

MAY KELLY

Hey May! Welcome to Elite, tell us a bit about yourself? Hey! I'm a born and bred Mancunian, with a passion for cups of tea, dogs, pizza and occasionally getting drunk and taking my clothes off.

How long have you been modelling? I'm actually an actress, so modelling happened accidentally a little over a year ago... I wouldn't call myself a model as such, but I guess it's just silent acting to me. With a lot less clothes.

What was it like to work with Tripodski on this shoot? It was the funnest shoot I'd ever had. We did more dancing and singing to the cheesiest music we could find - I could have carried on shooting for hours!

What was your favourite part of the shoot? Pizza... Because I got to eat it afterwards .

What's your favourite part of your body and why? I'd say my hair. I used to get bullied for being ginger but I recently decided to embrace it and I'd say I feel pretty unique and fiery now.

If you could model for any brand, product or company, which would it be and why? Dominos' pizza because I reckon I'd get a supply of free food for a while.

You're hosting an Elite sponsored jelly wrestling competition. Which four celebrity combatants will you book and why? Angelina Jolie, Marilyn Monroe, Jessica Rabbit and Megan Fox. Because I want to see them all naked and rolling around. Only if I can join in though.

What's your favourite song currently? I'm having a 90s hip hop revival at the moment. Anything by Biggie. My last played song was C.R.E.A.M by Wu Tang.

DESCRIBE YOUR PERFECT PHOTOSHOOT: PRETTY MUCH THE ONES AT ELITE. MUSIC, FOOD, AND LOTS OF LOVELY NAKEDNESS FROM BEAUTIFUL GIRLS.

Photographer: Tripodski

What would you like Elite readers to take away from your pictures in our illustrious mag? That gingers aren't all that bad. Some of us have souls....

What's a guaranteed turn on for you? My boyfriends voice. He's American and it gets me every time.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? Order salad on my burger occasionally. Perhaps a vegetable pizza too...

What do you like most about Elite? You're fucking badass. I love the difference of all the girls, which is so different to the other 'cookie cutter' magazines with no variety at all. I love you Elite, marry me?

FINALLY, IS THERE ANYTHING YOU WOULD LIKE TO SAY TO THE ELITE READERS? IF I GET MY OWN WAY, YOU'LL BE SEEING MORE OF ME. PEACE AND LOVE X

Keshia + Bea

Words: Richard Saunders | Photographer: Tripodski

Hi Bea, welcome to Elite! How did you enjoy the shoot? Hey! I did... as always. Newcastle is a beautiful city and its always so much fun to go back and shoot!

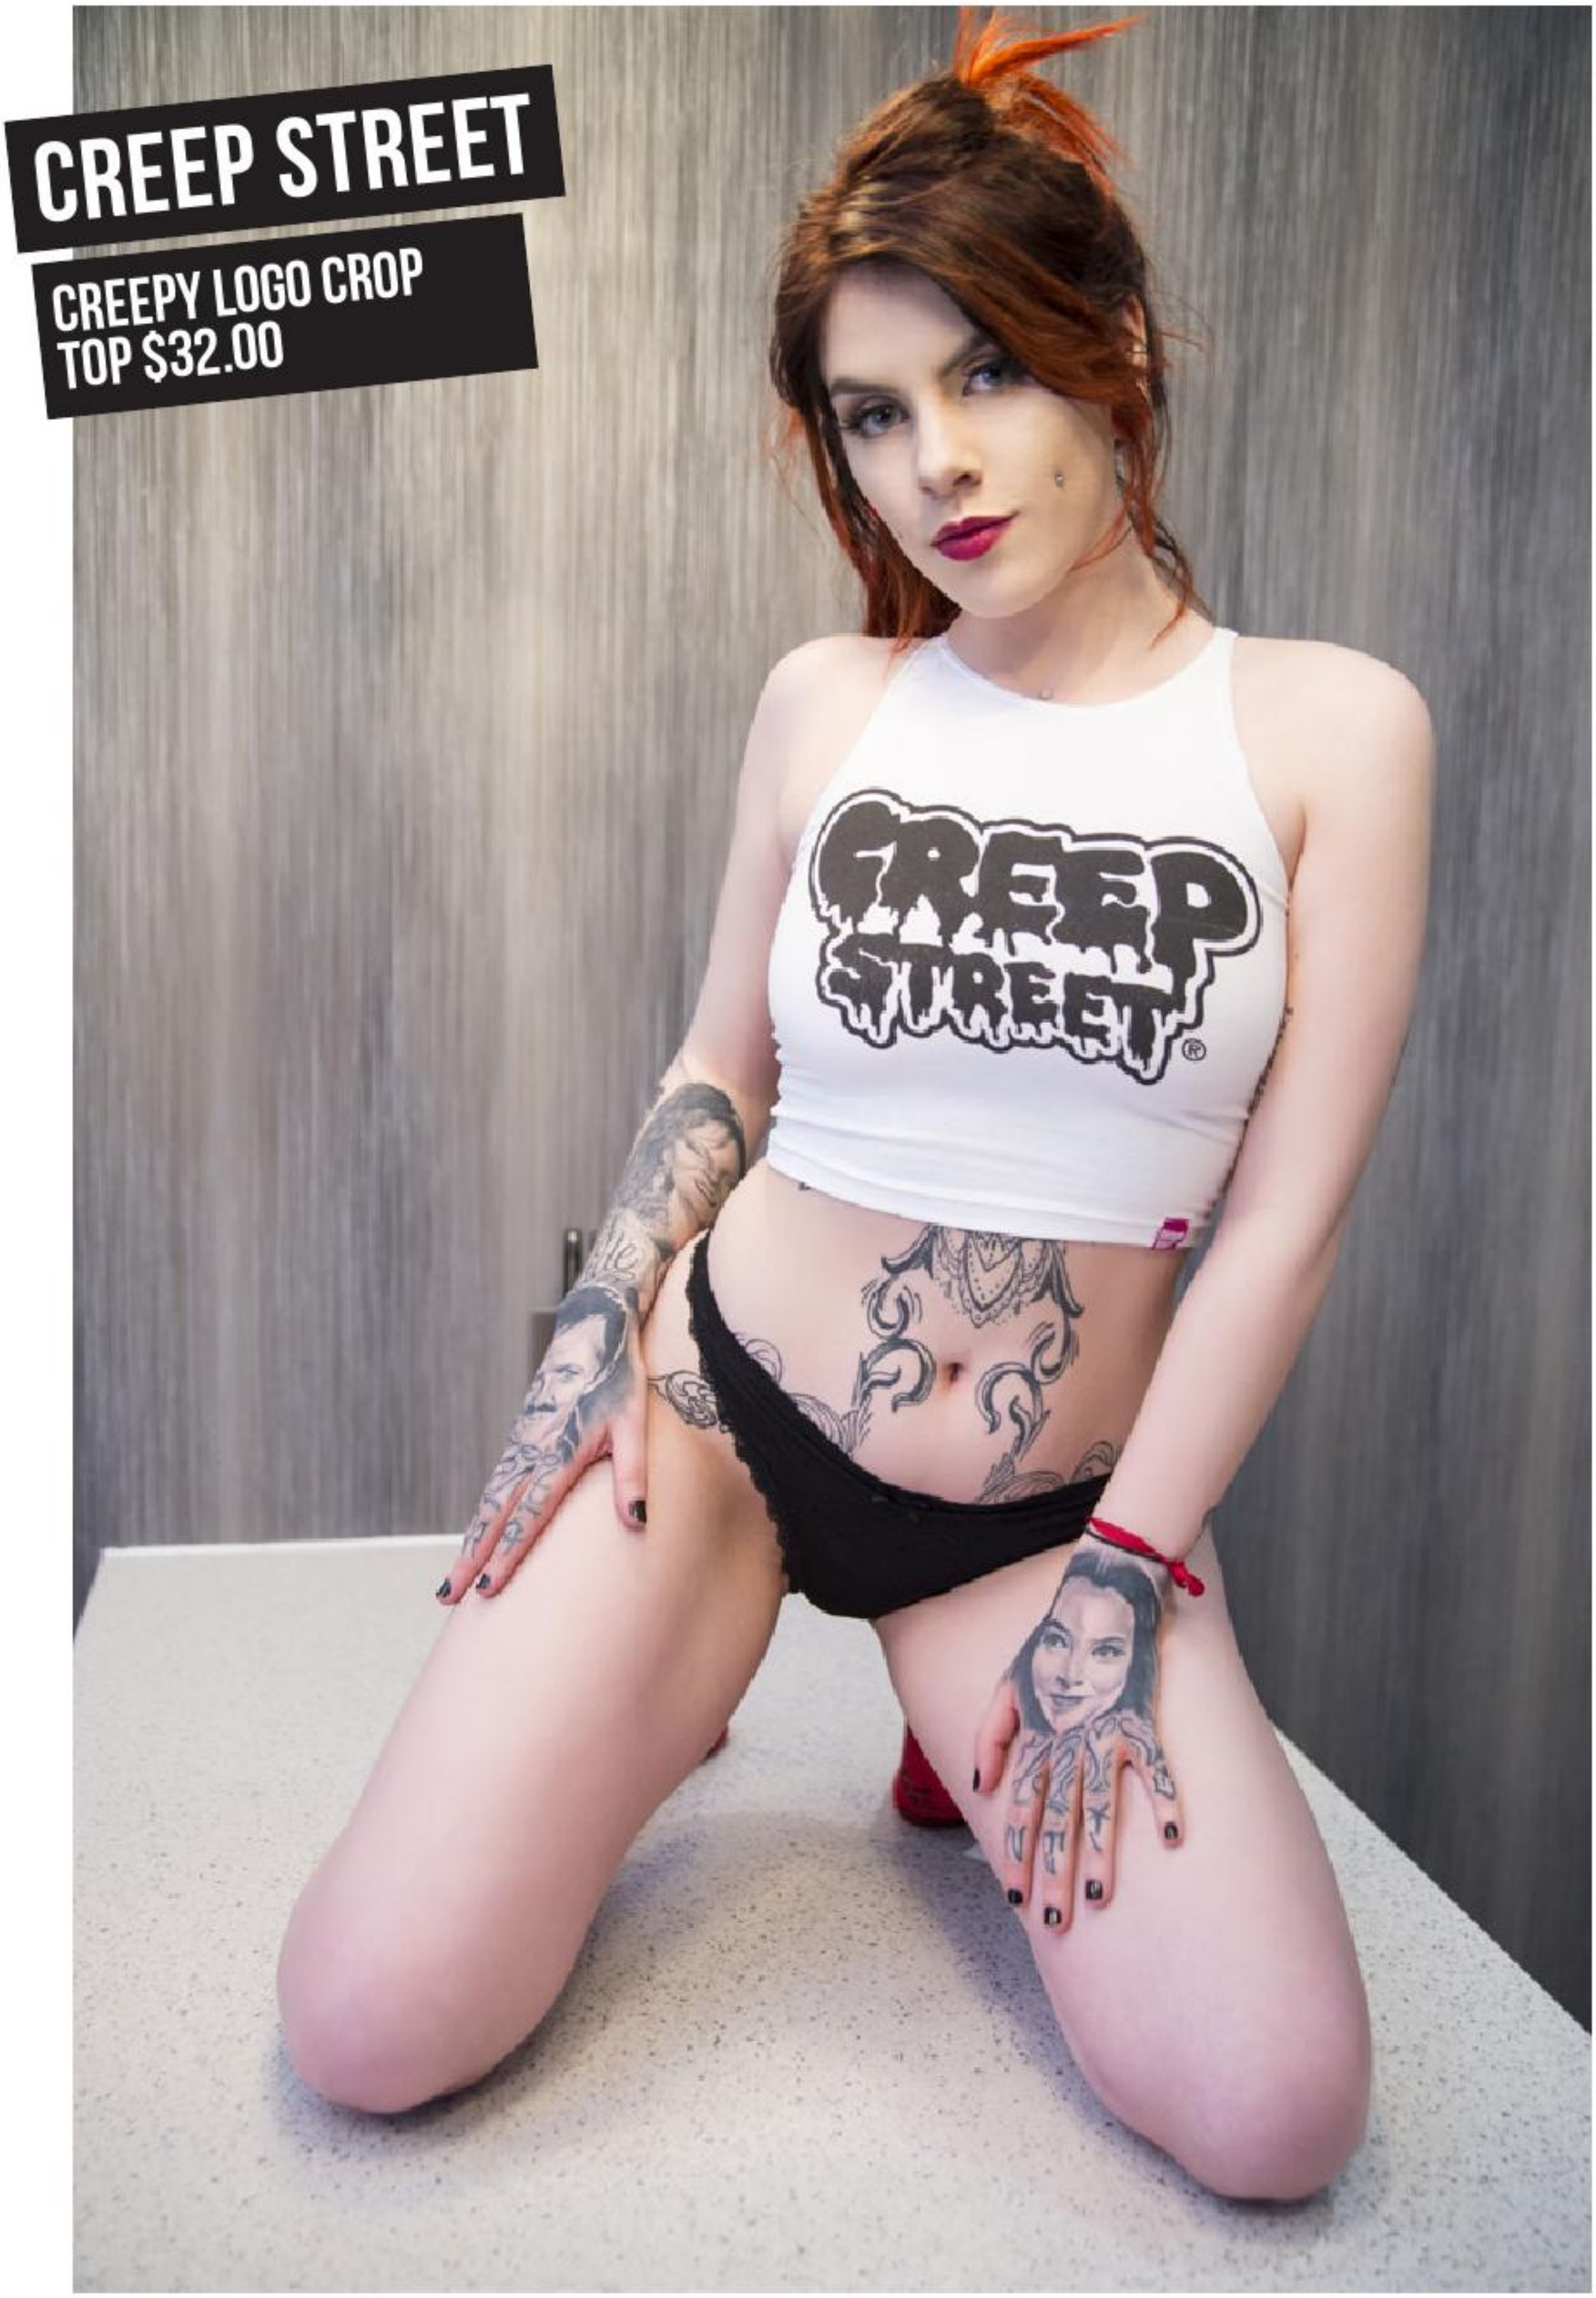
What was it like to work with Tripodski on this shoot? An absolute pleasure! Shoots with him are always feel so relaxed and fun

What was it like to work with Keshia? It was absolutely awesome to meet her...finally! Keshia is one of the funniest girls to shoot with, we clicked straight away and I can't wait to see her again

What's Keshia's best feature? Oh this is tough! How can I pick one? Her eyes, her boobs, her butt, her smile, her hair... Nope, can't choose.

What's your best feature? Hmm... My eyelashes are naturally really long! But I've been told embrace my freckles recently, which I should probably start doing seeing as summer is on the way and my face is about to turn into an unnecessarily complicated Connect The Dots.

Photographer: Tripodski



What was the funniest thing to happen at the shoot? The editor photo bombing every snapchat possible! OR! Playing Cards Against Humanity... That is one fucked up game. I love it.

Outside of modelling, do you have any other passions? Hell yeah! I play a lot of instruments and I sing so music fills the majority of my time.

So how can a guy impress you? By having a vagina... I'm totally kidding. Sort of. If I flip this question around I can say with absolute certainty that messaging me constantly and talking lots puts me off so much. A text a week is more than enough for me. Also, I can't deal with unintelligent people. My best friend tells me I'm a head fuck but in a really good way...

Who has been your favourite model of 2016 so far? My favourite male model of the moment is Nik Hampshire for sure - check out this dude's work!

What is the naughtiest thing you've done? I couldn't possibly reveal that information. But it involves a cucumber, hummus and Grey's Anatomy.

Beards - Yes or No? I don't really mind either way. Beards are a definite yes as long as they aren't huge and they're well kept. The best kind of man is a stylishly scruffy man.

What's the worst idea you have ever had? Drinking a margarita at 12pm. It's all fun and games until you face plant outside boots and your friends are laughing too hard to help you up so you just roll on the floor, drunk and laughing with busted knees.

Photographer: Tripodski

Finally, is there anything you would like to say to the Elite readers? Keep an eye out for videos and collaborations with Pixie Gibbons! IG: dimplesdarlingx | Twitter: @Bea_Dux

PHOTOGRAPHER: TRIPODSKI

WHAT'S A GUARANTEED TURN ON FOR YOU? STROKING THE INSIDE OF MY FOREARM. AND SPANKS!

Hi Keshia, welcome to Elite! How did you enjoy the shoot? It was awesome! A sleepover AND shooting, perfect.

What was it like to work with Tripodski on this shoot? He's my fave, great as always. And he brings the best games for us to play.

What was it like to work with Bea? She's a dream <3 such a lovely girl inside and out.

What's Bea's best feature? I love her booty but her figure all round is just amaze.

Who has been your favourite model of 2016 so far? I felt so comfortable around Bea to be honest! I'm sure there's more mega babes to meet soon too..

What is the naughtiest thing you've done? I can't kiss and tell now can I?!

What's a guaranteed turn on for you? My neck, my back, lick my pussy and my crack

Beards - Yes or No? YES!

What's the worst idea you have ever had? I feel like I'm still yet to have it...

Photographer: Tripodski

Photographer: Tripodski

Outside of modelling, do you have any other passions? I love animals, mainly cats. And I have the best job in the world as I work in Newcastle's Cat Cafe, Mog on the Tyne.

So how can a guy impress you? Buy me pizza, stroke my hair and tell me I'm pretty.

WHAT WAS THE FUNNIEST THING TO HAPPEN AT THE SHOOT? THERE'S SO MANY OUT TAKES OF US WHEN WE SHOT TOGETHER ON THE BED BECAUSE WE WERE JUST SO GIGGLY THE WHOLE TIME AND KEPT POSING THE SAME, SO IN SYNC!

Photographer: Tripodski

PHOTOGRAPHER: TRIPODSKI

Kayla Lilly

Words: Richard Saunders | Photographer: Creative Instincts

Hey Kayla! Tell us, how long have you been modelling? Hey Elite. Ooh about 4 years on and off now I think.

What was it like to work with the photographer on this shoot? Ah god it was horrendous! Only joking haha. It was awesome, he is an absolute diamond, we always have plenty of banter while shooting and create some really cool images.

What was your favourite part of the shoot? Tea break and probably the little cat that kept trying to steal my clothes.

What's your favourite part of your body and why? That's a hard one. My bum I think... everyone's always talking about my bum.

On a scale of one to ten, how good looking are you? Oh what a question haha! A 9.9 I reckon haha! Joking... I don't know how I'd rate myself.

If you could model for any brand, product or company, which would it be and why? Wow, there are so many out there I can't even decide on that one as I am so up for trying anything new, but we all like the thought of hitting the big time with something.

You're hosting an Elite sponsored jelly wrestling competition. Which four celebrity combatants will you book and why? Michelle Keegan, she is just wow! Tom Hardy because that would sell massively haha. Some little princess like Paris Hilton... I mean can you imagine her with jelly in her hair, it would just be pure laughs. And finally Gaz from Geordie Shore just to bring in the banter.

HOW DO YOU STAY IN SUCH MODELLY PERFECT SHAPE?
EXERCISE? DIET? GOOD GENES? OR LUCK? I EAT SUPER WELL,
I BOX AND DO THE GYM TOO, BUT I HAVE GREAT GENES AS WELL.

Photographer: Creative Instincts

What's your favourite song currently? I'm enjoying Rihanna - Work, just because I can twerk around the house cleaning to it haha. Plus all I am doing at the moment is working, so makes me feel like she is cheering me on!

What's a guaranteed turn on for you? Good style, hair, good smell, and acts like a gentlemen. He has to be naughty, open the door and smack her ass on the way through kinda man.

Describe your perfect photoshoot: I have so many in my head right now. Ahh on a sunseeker in Dubai with champagne and bikinis having a blast!

What do you like most about Elite? It's just damn right sexy! And there's a great bunch of people behind it.

Finally, is there anything you would like to say to the Elite Readers? Yes, make sure you head over and find me on Instagram @miss.kaylouise.official. I would love the support from you all. Keep dreaming big, keep being kind and do what others don't! It's the key to success.

LAURA ERIK

Words: Richard Saunders | Photographer: Nick Krzywdzinski

KA

Hey Laura! Welcome to Elite, tell us how long have you been modelling? Hey Elite! I've been in the industry on and off over the years but really been concentrating on my modelling the last three years or so.

What was it like to work with Nick on this shoot? It was a great experience. This was the first time I had worked with Nick and I'm always a little nervous when working with a photographer for the first time, but he made me feel comfortable straight away.

Photographer: Nick Krzywdzinski

What was your favourite part of the shoot? My favourite part was probably learning some new techniques with my modelling, Nick had some ways of directing and capturing the shots which I hadn't experienced before.

What's your favourite part of your body and why? Hmm I have to say my boobs ha, I'm pretty in love with them thanks to my amazing surgeon.

If you could model for any brand, product or company, which would it be and why? There are so many companies/ brands I would love to model for. I have done a couple of things for Sullen Australia, but to be a Sullen Angel would be awesome!

You're hosting an Elite sponsored jelly wrestling competition. Which four celebrity combatants will you book and why? Pamela Anderson because who doesn't love Pammy... Christy Mack because I think she would be very entertaining... Nicki Minaj as she looks like lots of fun and Kim Kardashian because that would be really funny to watch.

What's your favourite song currently? Sweet Lovin' by Sigala.

What would you like Elite readers to take away from your pictures in our illustrious mag? Well hopefully they like what they see. I hope to help empower other women to do whatever makes them feel great. And for the male readers, enjoy haha.

Describe your perfect photoshoot: Perfect photo shoot... Well I LOVE being in front of the camera so I have a great time at all my shoots, however something on a luxury yacht on a beautiful day would be awesome!

What do you like most about Elite? I'm the biggest perve, so I love checking out the pics of all the stunning ladies.

Photographer: Nick Krzywdzinski

WHAT'S A GUARANTEED TURN ON FOR YOU? SEXY SCENT AND A SEXY VOICE.

Photographer: Nick Krzywdzinski

BEX FISHER

The Tattooed Babe is Back

Words: Richard Saunders | Photographer: Alice Blenkinsop

Hey Bex! Welcome back to Elite, tell us a bit about yourself: Hello, I'm happy to be back! These days I tattoo full time and shoot part time as much as I can around it. I love having the freedom of being self-employed and being able to choose what I do with my time. I often feel a bit too weighed down if I do just one thing for too long, I like to be able to use my creativity to it's fullest in a range of different ways!

How long have you been modelling? I studied art (specialising in photography) at college and often found myself modelling for the other students on my course. I used to do a lot of self-portraiture too and I'd forever be uploading all these photos to places like MySpace and DeviantArt when I was 16/17. My first 'proper' shoot was when I'd just turned 18 and things kind of snowballed as suddenly a lot more creatives were contacting me looking to shoot together. As I'm only 5ft tall I never dreamed of being a 'proper' model but here I am almost 8 years later with a pretty solid career made from it!

Photographer: Alice Blenkinsop

What was it like to work with Alice on this shoot? It was my third time shooting with Alice, she's so lovely and fun to work with! In the past we've shot the promotional photos for Tattoo Tea Party and some lingerie work at another group shoot. It was nice to shoot outside of a typical studio location and play with natural light and our surroundings. We both ended up so dusty after clambering about on the floor so much trying to get the perfect shots, sorry Alice! Hopefully our next shoot will be a little warmer too!

What's your favourite part of your body and why? Honestly I have no idea! Weirdly enough I lean towards saying my hands as my palm tattoos are definitely my favourite (although the most painful to get by far) of the bunch. Plus, without the use of my hands I wouldn't be able to work as an artist so I'm thankful for my hands and what they allow me to do on a daily basis!

On a scale of one to ten, how good looking are you? Haha! I'd say maybe somewhere in the middle? I'm what I'd describe as an 'ugly duckling' - I looked like a little alien when I was younger but I've definitely got better with age!

If you could model for any brand, product or company, which would it be and why? I'd love to work with more makeup lines and collaborate on some interesting projects in the future! I'd also love to do more catwalks and events like I used to as I don't have much time to do event work around my tattooing these days! One of my all-time favourite brands is Irregular Choice, I love their shoes and accessories so much! I think the ultimate job would be modelling for Alexander McQueen or Vivienne Westwood though, a girl can dream!

What's your favourite song currently? At the studio I work in at the moment there are four of us, all with VERY different tastes in music so I listen to a whole range of things on a daily basis! When I'm alone I like to listen to everything from late 70s glam rock like *Danger Danger* right the way through to *Regina Spektor* and *Ingrid Michaelson*! I've been listening to a lot of *This Wild Life* when I draw lately, their music reminds me so much of *City and Colour* who I love! My favourite song by them is their cover of Sleepwalking by *Bring Me The Horizon* - it's a really nice cover of a song I probably wouldn't have listened to otherwise!

What would you like Elite readers to take away from your pictures in our illustrious mag? I definitely think there's always been so much pressure on women to look and dress a certain way, especially in this industry. In the past I've had petite girls message me to say thank you for doing what I do even though I'm only 5ft and don't really have much in the way of a chest to speak of. It's nice to inspire girls of a similar body shape to me with the idea that you don't have to be tall with enormous boobs to be sexy, anyone can be, no matter your size or shape! If I can help people realise their body is beautiful or inspire them to do something they thought they'd never be able to do, I'd love that!

What's a guaranteed turn on for you? I don't really have a 'type' as such or anything like that! I've always been a huge fan of long hair on guys though, especially when teamed with a good sense of style and the ability to hold an interesting conversation! One thing that drew me to my boyfriend was the fact that he had a lot of his own interests and hobbies. I really like when someone is their own person and they teach you about their interests as well as taking the time to learn about yours too.

Photographer: Alice Blenkinsop

Describe your perfect photoshoot: I'd absolutely love to shoot abroad at some point, ideally on a beach or in a forest or derelict location! I used to shoot on outdoor locations for the majority of my shoots but these days even though I travel for shoots regularly, they tend to be in a studio of some kind. Although I enjoy studio shoots of course, it's always nice to have a bit of an adventure when out shooting! You can get a really diverse range of photographs and can even pull some poses you maybe normally wouldn't be able to do if you really take advantage of your surroundings too!

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? I've always been very petite to be honest! I think I eat pretty healthily and the walk from my home to the studio I work at takes me around an hour - do that twice a day and I'm pretty sure anyone could stay in fairly good shape! The only exercise I really do is the occasional bit of yoga but I'd really love to get into doing aerial hoop and silks! Don't get me wrong though, it's not uncommon for me to have cake for breakfast or polish off an entire packet ofcookies in one go!

What do you like most about Elite? The fact you publish a range of models with a variety of different body shapes, styles and backgrounds - it keeps things interesting and makes it fair to all involved! I'd get bored of seeing and reading the same thing every issue if it was constantly the same and i'm sure everyone else would too!

Finally, is there anything you would like to say to the Elite Readers? Work hard and don't get drawn into the petty dramas around you, it won't get you anywhere in life! Always remember, if someone's trying to dull your sparkle, it won't make theirs shine any brighter!

Vicki Blatchley

Words: Richard Saunders | Photographer: Joseph O'Brien

PHOTOGRAPHER: JOSEPH O'BRIEN

WHAT'S A GUARANTEED TURN ON FOR YOU? GUYS WHO SMELL GOOD.

Hey Vicki! Welcome to Elite, tell us a bit about yourself: Hey! What would you like to know?!Despite being naked a lot of the time I'm pretty shy in real life. I'm not a natural red head (shh don't tell anyone) - but everything else is real wink ;) I have 1 tattoo, on the inside of my finger, a pet chameleon called Olive and I'm a photographer too.

How long have you been modelling? About 7 years.

What was it like to work with Joseph on this shoot? I get on really well with Joe - we've done a few shoots before so it was easy - I don't get shy about taking my clothes off for shoots anymore.

What was your favourite part of the shoot? I love shooting in random hotel rooms like this one. You never know what's going on behind closed doors. I mostly enjoyed Joe demonstrating some of the poses he was after (so hot).

What's your favourite part of your body and why? My eyes, buggy and cat like at the same time.

On a scale of one to ten, how good looking are you?
Erm… really?

You're hosting an Elite sponsored jelly wrestling competition. Which four celebrity combatants will you book and why? Tom Hardy (I get to be part of this competition too right?). Channing Tatum - come on, I'm only human... Dave Grohl and the Queen.

What's your favourite song currently? Anything Craig David - I'm loving his comeback. Garage music always puts me in a good mood.

What would you like Elite readers to take away from your pictures in our illustrious mag? At least a semi.

Describe your perfect photoshoot: Rolling around in nothing but a pair of tights and having lots of cake breaks (battenburg is the way to my heart).

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? I've never worried too much about trying to be super tiny, although I do go to the gym. I'm naturally curvy so I'm happy to roll with that.

What do you like most about Elite? It's just a little bit naughty.

From Beginning to End

Words: Richard Saunders | Photographer: Chris Beasley

Welcome back Becky, how are you? I'm very well thank you! I've been absolutely rushed off my feet since I was last in Elite! I'm always busy shooting or busy at my tattoo shop, Loco tattoo lounge.

Seriously though, we're so thrilled to have you in Elite Becky. Did you have fun shooting for us? Of course, it was really fun. We shot the pictures at my shop! It was a really fun day! I've worked with Chris a few times and every time our pictures get better and better.

What is it like to grace our cover for the second time? Makes me feel kinda special, but I guess I am aren't I haha.

You always seem so effortless on camera, is it hard reinventing yourself for new features? Ahh the power of photoshop haha! Posing comes naturally to me, I've always been really confident which helps. But yes I like to try and change my look a lot as I get bored shooting the same thing again and again.

You're a northern girl. What are the "must dos" up there? Do you stick around there or venture all over the place? My favourite bar in Manchester is Hula Tiki Bar in the northern quarter. They serve the best cocktails and the music is always boomin! I always enjoy the northern quarter, well worth a visit if your out on the town!

It was clear from your feature you have a great ass! Where does that come from? Do you have to work for it or is it just good jeans/genes? Honestly, I was just born with a good rear. But it's smaller than it used to be. I tried being vegan for 6 months but I lost a lot of weight and unfortunately most of that weight went from my ass but I'm going to start working on it. Although I've never done squats in my life.

Photographer: Chris Beasley

You are without a doubt one of the coolest people we have met! Every time of the year seems exciting for you. You're always up to something. When is your chill time and what do you get up to? I always try to not do anything on a Monday. Both me and my fella Mike have Monday's off so we can spend time together and with the dogs, but if I'm honest I feel like I never get a break. I'm always working, but I don't mind because I like to be busy. I don't like to be bored, I get really agitated if I'm not doing anything.

Something you do wear with aplomb is your incredible ink. You are starting to pull off quite a collection. What is your favourite piece? I've been working on my body suit a long time and it's really coming together. Anything waist down is by Tommi Crazy @tommicrazy and he's such an amazing artist I'm so happy to be able to work with him! He's so talented and has covered my legs in really beautiful artwork. I couldn't possibly pick my favourite piece of his as it's all so amazing. But I have just had my throat done by Raph Cemo @raphcemo and his work is incredible. The attention to detail and ability to create such stunning work, his lines and dot work is insane. I was really lucky to be able to book in with him as he's super busy but I'm a queen and managed it and I'm stoked with what he did. I absolute love my throat and it's definitely up there with one of my favourite pieces.

You are a bit of a hair queen now. Where do you find the inspiration for it all and have you got a favourite hairstyle? I don't really get inspired I just like to look a bit different. I've cut it all off now and wear a pomp with a shaved sides. Much more manageable than lots of extensions and hair pieces! My favourite colour is when it's silver although I've just had it done bright pink for a campaign with Innoluxe and Not Another Salon!

With that in mind, which celebrity do you think has the best hairstyle at the moment (bet you've never been asked that before)? I'm loving Kim K's blonde French braids. The only downside to having short hair! I love that style!

Photographer: Chris Beasley

Someone once asked me to describe "incredible" in two words and I said Becky Holt. You're a definite icon of incredible. Do you see yourself as an incredible person? Yeah of course. I'm really cool and fun! I've always really blown my own trumpet. If you don't love yourself nobody else will.

Photographer: Chris Beasley

Okay, a little quick fire round now Becky, a madman with a loaded skunk's posterior breaks in a demands your choices between…

Long or short hair? Short
Ham or Cheese? Ham
Twitter or Instagram? Instagram
Boobs or Bum? Boobs
LA or London? London
Circus or Cinema? Circus
Bearded or clean shaved? Shaved
Bikini or onesie? Bikini

So, if people didn't know, you are actually retiring from modelling soon! Talk us through the decision on that if you can: Yes I've had 8 years in the industry and I've watched it change in many ways. One of my reasons for leaving is to focus on my tattoo shop, Loco tattoo lounge. It's difficult to balance both careers but I want to focus on making my business grow! Modelling has had its ups and downs for me. In the past I suffered with depression and anxiety and it would often effect how I work but a lot of it was to do with modelling. I would see my self all airbrushed and perfect then look on the mirror and I wasn't the same person. I got really down about my body all the time and I never used to even care. It's a really stressful industry which is full of people who use you and pretend to care when they don't. But I've learnt so much about myself and I'm finally really happy with who I am. I've got an amazing future ahead of me now... But don't worry you haven't seen the last of me.

What are your favourite memories from your amazing career? Shooting for Elite obvs!! But I've had some epic experiences. Being able to travel to Miami, New York, Spain, France, Prague are all perks of the job. I had a huge group shoot with my lots of glamour girls yesterday. We shot at Chloe Khans penthouse and it was an amazing day, as one of my last group shoots, it's a memory I'll have forever!

Inspiration is important to you, be it music, film or books. What is inspiring you at the moment? I'm so into music. I love techno and regularly go to raves and festivals. I love the trippy light shows and dancing all night! *Tale of Us* are my favourite and I love listening to them, it really relaxes me.

Photographer: Chris Beasley

ARE YOU A HOMEBIRD OR SOMEONE THAT PREFERS A NIGHT ON THE TOWN? EITHER OR. I'LL ALWAYS END UP BACK HOME FOR AN AFTER PARTY ANYWAY!

PHOTOGRAPHER: CHRIS BEASLEY

It's been a pleasure Becky. What are you up to after this interview is done? I'm going to see my best friend and my parents! I've been at Tattoo Tea Party convention and I bought my mum the curliest little frame with a hand stitched saying in it... It says 'whore' she gonna love it haha!

ROSA BRIGHID

Words: Richard Saunders | Photographer: Tripodski

Hey Rosa! Welcome to Elite, tell us a bit about yourself: Hey! Well I am a full time professional model and I absolutely love what I do. I love travelling, meeting new people and life in general. I also love to keep fit, eat delicious food and listen to awesome music. All these things make happy! I consider myself to be an artist and hope to keep on following my dreams and achieve my goals. Bring it on.

We'll start with the burning existential question... What bra size are you? I went and got myself measured, and was happy to be told I am a 34DD. I'll take that!

What was it like to work with Tripodski on this shoot? He was very laid back, played good tunes and let me do my thing! A very cool guy.

What was your favourite part of the shoot? Probably wearing all the designer lingerie and Creep Street gear which I got to keep! I also loved the snapchat videos that Elite took. I think it's important to capture some behind the scenes stuff. It was a very relaxed shoot. I loved it.

What's your favourite part of your body and why? I think my bum is very peachy and I've learnt to love my legs! I feel pretty content with who I am, and happy that I've got curves.

What's your favourite item of clothing? I really love crop tops and bodysuits! Can't go wrong really!

What does it mean to you to join the Elite family? I'm honored to be apart of it! Seems like a pretty cool community to be apart of. I look forward to working more with Elite and to have loads of fun. #TeamElite all the way.

Photographer: Tripodski

Photographer: Tripodski

How did you come to become a model? I was at University with little money. I used to spend all my student loan on going out. I knew an art nude photographer who offered me a shoot a month. I thought about it for ages, I just wasn't sure I was up for it. But eventually gave it a shot, and before long I had broken into the modelling scene. It just all fell into place quite nicely, but I never expected to become a full time model. I showed myself that taking chances can be a good thing. Keep dreaming, work hard and make the most of every day.

Elite have hypothetically agreed to buy you some new underwear, where would you send us to get it? A load of Malice, Agent Provocateur and Love Child Boudoir pretty please!

Yes or no, have you ever seen the film "The Empire Strikes Back"? I haven't. I'm so uncool.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? I've started working out more frequently. Deadlifts, kettle bell exercises, squats, the rings, you name it… I try and eat healthy when I'm at home, pretty paleo… but when I'm away I do eat carbs and won't turn down a takeaway or a few biscuits.

What's the weirdest location/ prop you've had on a shoot? Props: A cross bow (that was heavy and awkward!), UV paint and gold eyelashes, scrabble, smarties, strobe lights, blue lipstick, guitars and many many more! Locations: an abandoned mental asylum, Wistmans Wood on Dartmoor, the city of Paris (that wasn't weird, it was epic!)

Photographer: Tripodski

Photographer: Tripodski

What's a guaranteed turn on for you? Intelligence, a good physique, romantic, a good cook, ambitious, adventurous, down to earth, affectionate, oh the list goes on...

What do you like most about Elite? Elite is cool because they shoot lots of models with lots of different looks. Each model is unique and each shoot suit their look. I love how they invest a lot in cool outfits and lingerie. I was treated really well when I shot with them. They promote GIRL POWER!

Photographer: Tripodski

Finally, is there anything you would like to say to the Elite Readers? Thanks for welcoming me into the family! I hope to make you all proud, and I'm excited to shoot with Elite again later this year.

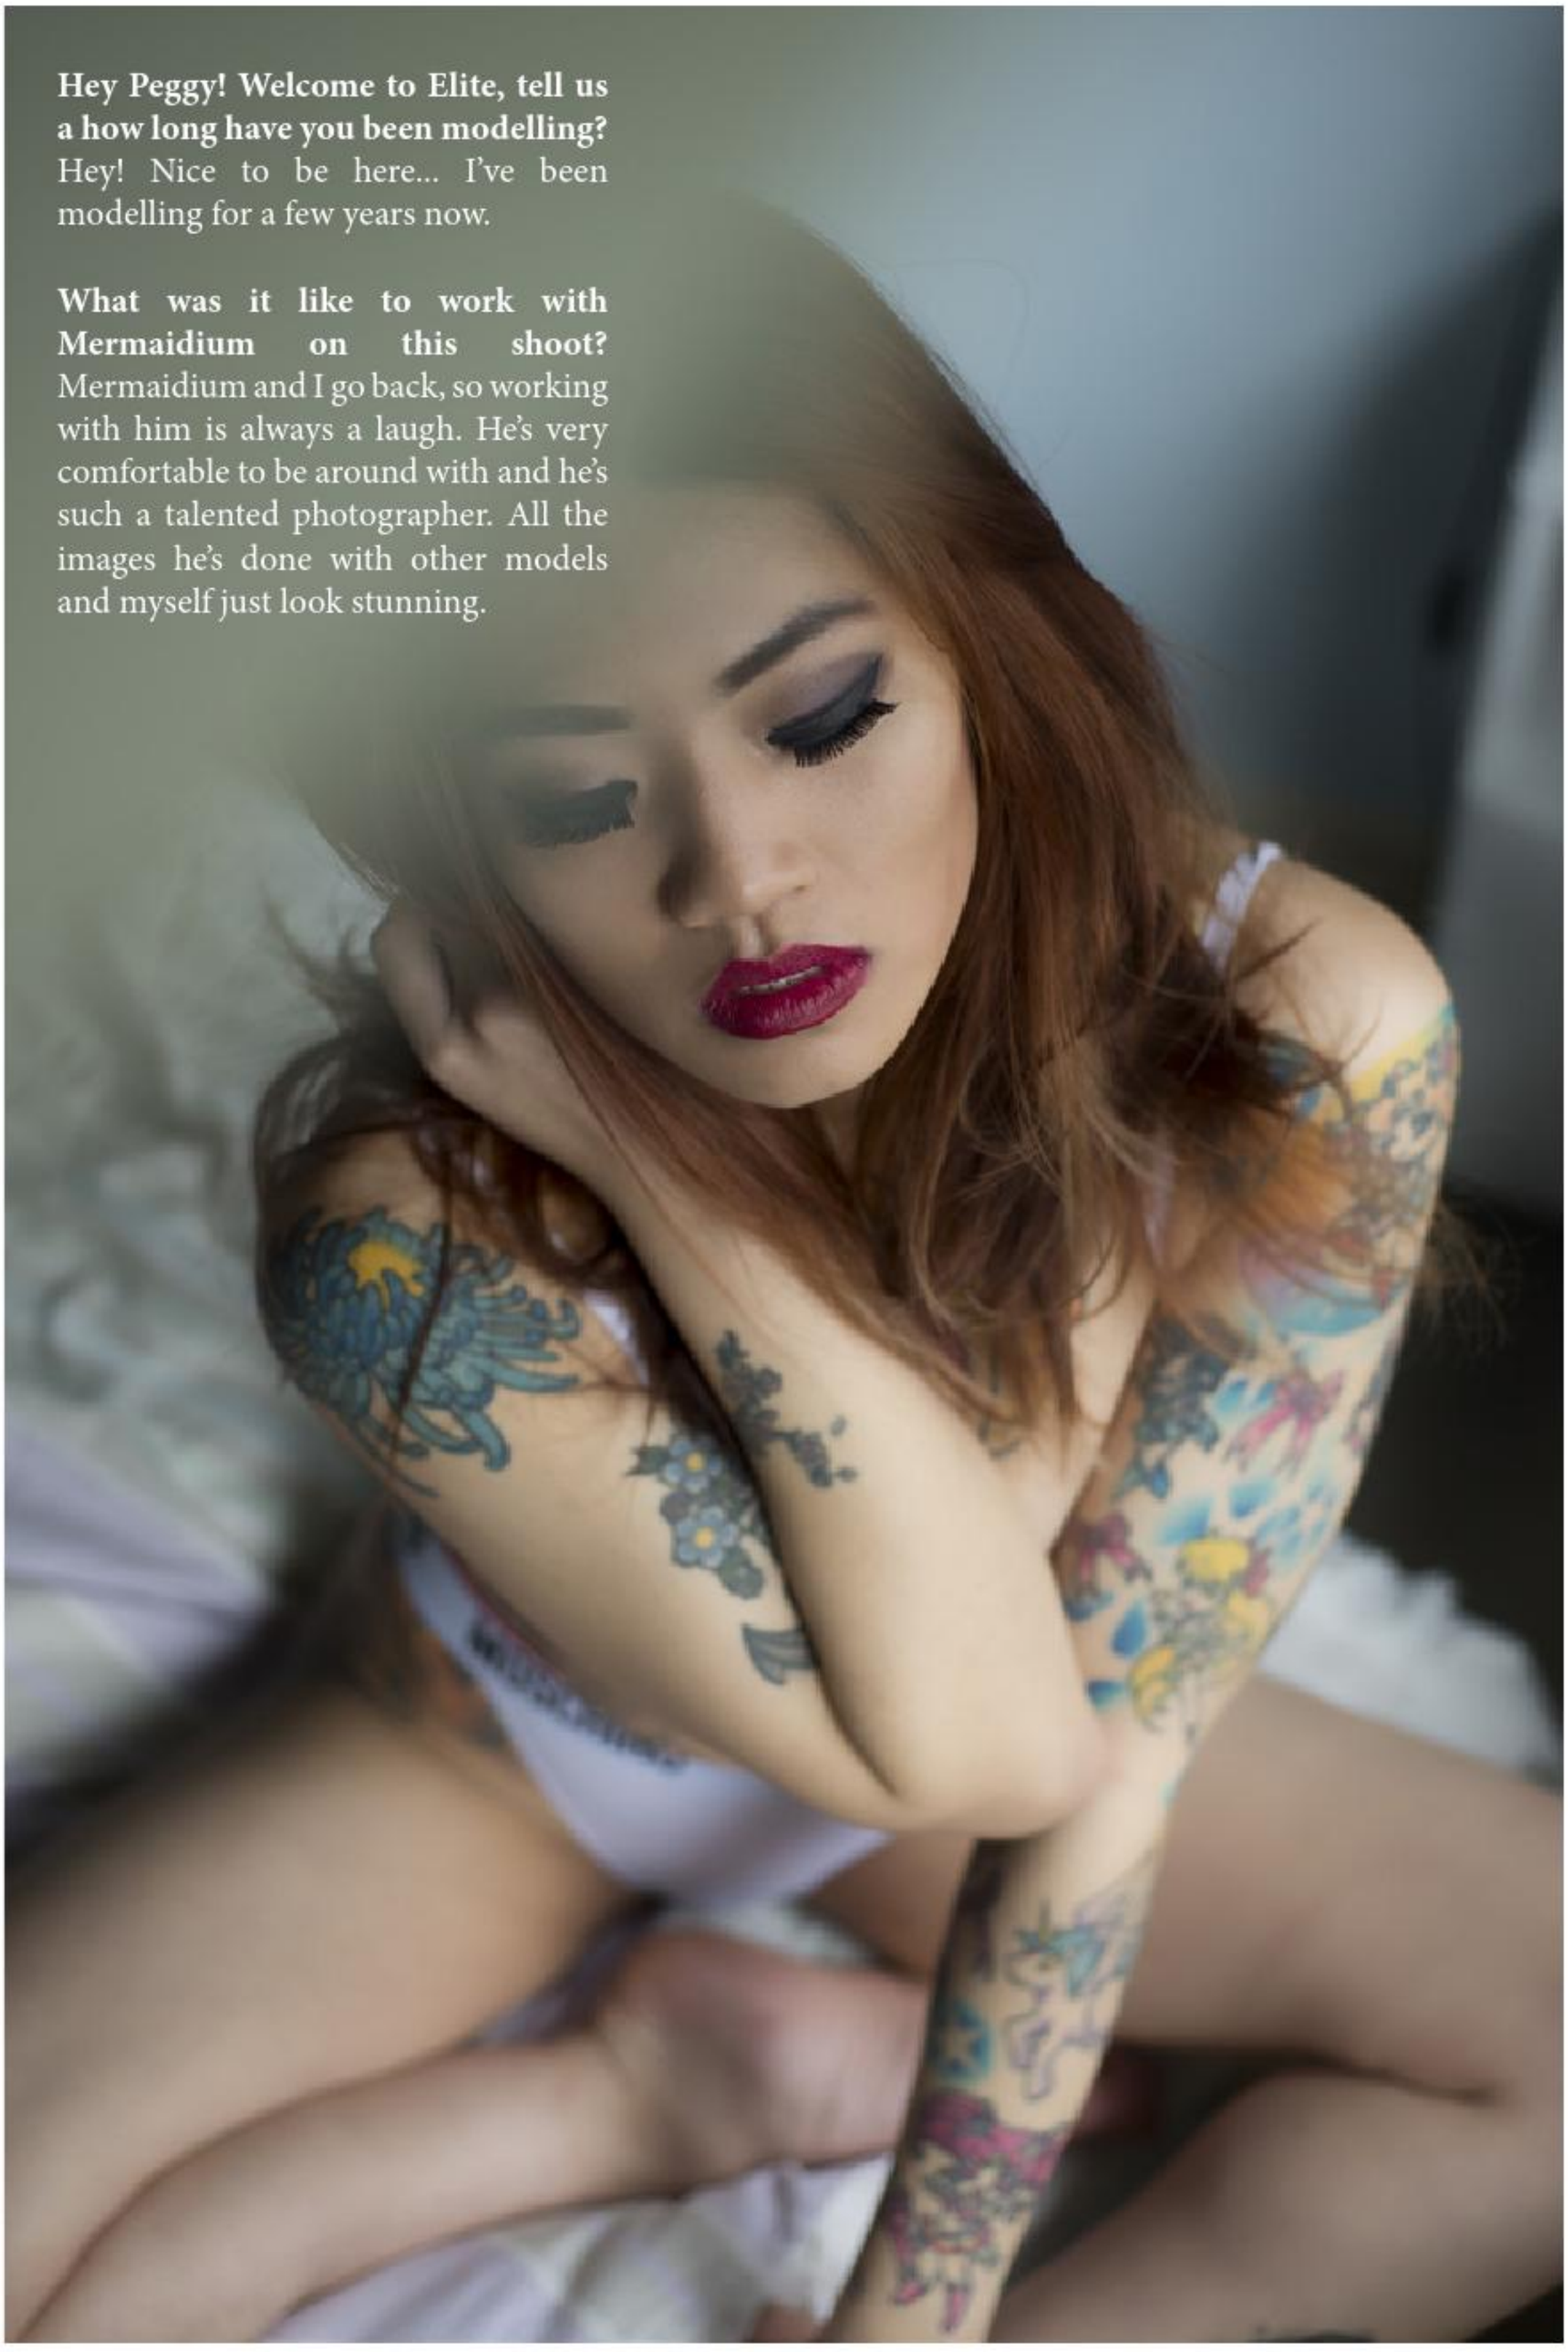
Peggy

Photographer: Mermaidium

Hey Peggy! Welcome to Elite, tell us a how long have you been modelling?
Hey! Nice to be here... I've been modelling for a few years now.

What was it like to work with Mermaidium on this shoot?
Mermaidium and I go back, so working with him is always a laugh. He's very comfortable to be around with and he's such a talented photographer. All the images he's done with other models and myself just look stunning.



What was your favourite part of the shoot? It was rolling around on the bed half naked, who doesn't like that?

What's your favourite part of your body and why? It's the collarbone, shoulder area. I just find them a very elegant area on ladies.

On a scale of one to ten, how good looking are you? I'd say I'm a 6-7? I don't know, I dislike these kind of questions.

If you could model for any brand, product or company, which would it be and why? If I could, it'd be a lot of the luxury brands such as Burberry, Moschino, Versace, Victoria Secret's etc. Only because I adore their clothing and I think tattooed petite ladies should get a go because I think we'd rock it!

You're hosting an Elite sponsored jelly wrestling competition. Which four celebrity combatants will you book and why? What an interesting question, I genuinely have no idea. Let's go with… Cara Delevingne, Miranda Kerr, Mila Kunis and Emma Stone. Purely because I think everyone even the competitors would be laughing at the idea that they're wrestling with each other in jelly. And let's face it, it'll be an extremely hot!

What's your favourite song currently? This is tough, it's a tie between Josef Salvat "Open Season" and Gwen Stefani "Make Me Like You".

Describe your perfect photoshoot: It would be in a 5* hotel with loads of props and intricate details to work around with. And it means I'll have more space to get pose around nude.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? Sex… A lot of sex has something to do with it but I think I'm naturally quite lucky.

What do you like most about Elite? The girls, let's be honest now, we all read / flick through the pages for the chicks.

MOSCHINO
MOSCHINO

WHAT'S A GUARANTEED TURN ON FOR YOU? FACIAL HAIR, LIGHT-COLOURED EYES AND GOOD MANNERS. OBVIOUSLY THERE'S MORE TO IT THAN THAT BUT WE SHAN'T GO INTO IT. ;)

WHAT WOULD YOU LIKE ELITE READERS TO TAKE AWAY FROM YOUR PICTURES IN OUR ILLUSTRIOUS MAG? I WOULD LIKE READERS TO TAKE AWAY A THOUGHT OF SELF LOVE AND CONFIDENCE.

Suzy & Bella

Hi Bella, welcome to Elite! How did you enjoy the shoot? The shoot was super fun and I got to perve on Suzy so it's all good with me!

What was it like to work with Tripodski on this shoot? Exciting, I've always liked his work because he's a camera genius!

What was it like to work with Suzy? Amazing, she's so easy to work with and she's my fit twinny so it was bound to be a good shoot!

What's Suzy's best feature? Do I have to pick just one? Hmm, I would say her face but I might have to just pick her booty!

What's your best feature? I'm rather fond of my legs. Even if they are super small!

What was the funniest thing to happen at the shoot? Trying to watch Suzy walk in my sky high shoes like bami on ice, bless her! Haha.

Outside of modelling, do you have any other passions? Does drinking wine count as a passion because I think that's about it. Passionate about alcohol? That works.

Photographer: Tripodski

So how can a guy impress you? They gotta be easy to get along with, be able to take a joke and accept the fact that somedays I'll be moody cause my eyebrows don't look great.

Who has been your favourite model of 2016 so far? My favourite model is and always will be Bea Bux! My mega babe.

What is the naughtiest thing you've done? This is a pretty difficult question.. I don't know if it's socially acceptable to admit some of the things I've done.

Beards - Yes or No? Yes, providing they're actually beards. Not pre-pubescent bum fluff

What's the worst idea you have ever had? The worst? I dunno, most ideas I have are pretty terrible. Everyone knows not to trust me if I say I have an idea...

Photographer: Tripodski

WHAT'S A GUARANTEED TURN ON FOR YOU? A REAAALLY REALLY CHEEKY SMILE.. CAN'T HANDLE A CHEEKY SMILE.

PHOTOGRAPHER: TRIPODSKI

Finally, is there anything you would like to say to the Elite readers? If any of you ever see me, just start talking about Steel Panther really loud and I will happily be all your best friends! Haha.

Hi Suzy, welcome to Elite! How did you enjoy the shoot? Hello! It was so fun to shoot again with you guys, I enjoyed the location too it was beaut. The editor's jokes never fail to make me laugh!

Photographer: Tripodski

What was it like to work with Tripodski on this shoot? It was an absolute pleasure to work with him, I love his work and I hope we can work together again in the future!

What was it like to work with Bella? She is hilarious! She's gorgeous and she knows how to have a good time.

What's Amy's best feature? Her face. Her boobs. Her butt. Don't make me choose! We used to get mistaken for each other when we both had blonde hair. Biggest compliment ever.

What's your best feature? I'd probably say my bum. It's the biggest feature on me!

What was the funniest thing to happen at the shoot? Trying to walk in Amy's stilettos. Nearly broke both of my legs, walking like fucking Bambi! Cupping each others boobs and drinking rosé was most enjoyable too.

Photographer: Tripodski

Outside of modelling, do you have any other passions? Partying, horror, video games and Tarantino movies.

So how can a guy impress you? Being a gentleman and a good sense of humour. I like someone that I can act silly with. Huge package helps too. Just kidding haha.

Who has been your favourite model of 2016 so far? Dolly Diamond. She is unreal. If I could be her/on her, that would be great.

Photographer: Tripodski

What's a guaranteed turn on for you? A big, squishy ass and nice teeth. Teeth and ass together really.

Beards - Yes or No? Yes, as long as it's not 90% beard, 10% face.

What's the worst idea you have ever had? I shouldn't really go in to it, but I'm no longer welcome in the Nandos at Meadowhall.

WHAT IS THE NAUGHTIEST THING YOU'VE DONE? TWO GIRLS, AT THE SAME TIME.

The great things of the
Look down on us from those

Sarah Kawaii

Words: Richard Saunders | Photographer: Mike White

Hey Sarah! Welcome to Elite, tell us how long have you been modelling? Hi there! Probably about 8 years now. It's been a while!

What was it like to work with Mike on this shoot? Mike is fantastic to work with and the shoot got even better when we found out we had a mutual love for pop punk.

What was your favourite part of the shoot? Definitely shooting nude in bed. I think we did those ones right at the end and I just didn't want to get out.

What's your favourite part of your body and why? I've always really liked my hands for some reason. They're just really feminine and my nail growing abilities are pretty intense.

On a scale of one to ten, how good looking are you? I'm going to say 5 because it's neither here nor there. I know that's a really dull answer but I'm not very good at this kind of thing :P

If you could model for any brand, product or company, which would it be and why? I would love to model those inflatable dinosaur costumes that I've seen in videos online. They look like so much fun! I would wear it every day and be the happiest woman in the world.

Photographer: Mike White

WHAT'S YOUR FAVOURITE SONG CURRENTLY?

DEFTONES - YOU'VE SEEN THE BUTCHER... IT'S ALWAYS DEFTONES.

Photographer: Mike White

What would you like Elite readers to take away from your pictures in our illustrious mag?
Their love juice in a tissue! Haha, I'm joking of course. Hopefully they think I have wonderous taste in lingerie!

You're hosting an Elite sponsored jelly wrestling competition. Which four celebrity combatants will you book and why? Arnold Schwarzenegger because he's the most amazing person in the whole entire world. Jason Momoa to make it a fair fight... nothing to do with him being insanely hot *ahem*. Robert Patrick for some Terminator vibes and Skeletor. Just because.

What's a guaranteed turn on for you? Beards! I think I'm obsessed. I turn into a meerkat when I see beards out and about and my friends tell me off for staring. I don't know what it is about them but they drive me wild.

Describe your perfect photoshoot: I've always thought that modelling beds would be the best photoshoot ever. You just get to lie in bed all day pretending to be asleep and get paid for it. Probably in some nice, snug pyjamas as well.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? Burgers. Burgers and beer.... so I guess it's luck... if you can call it that. Sometimes I try and eat healthy but it lasts about a day and then I get straight back to being a disgusting animal again.

What do you like most about Elite? The ladies of course! Elite always has the most amazing models in it and the pictures are always so damn good! Makes me swoooooon.

Photographer: Mike White

ELLE J

Words: Richard Saunders | Photographer: Tripodski

Hey Elle! Welcome to Elite, tell us a bit about yourself: Hey! I am a Dancer/Model/Moon Lover from Cheshire.

How long have you been modelling? A few years now. I've met so many awesome people along the way. I've loved the journey so far.

What was it like to work with the photographer on this shoot? I've worked with Tripodski before, he's a good egg, always happy with the work he produces. And he gives me pizza and that makes me happy.

What was your favourite part of the shoot? Travelling to Newcastle was a blast, I love the accent there. My favourite part of the shoot was getting naked for the first time in front of the camera.

What's your favourite part of your body and why? I've been told my ass is my best feature.

If you could model for any brand, product or company, which would it be and why? Anything by Elissa Poppy... Good lord her stuff is insane. So talented!

Photographer: Tripodski

Photographer: Tripodski

YOU'RE HOSTING AN ELITE SPONSORED JELLY WRESTLING COMPETITION. WHICH FOUR CELEBRITY COMBATANTS WILL YOU BOOK AND WHY? GWEN STEFANI... BECAUSE OH MY. TRAVIS BARKER... BECAUSE TRAVIS BARKER. MYSELF, BECAUSE... TRAVIS BARKER AND MR BLOBBY BECAUSE HE SCARES THE SHIT OUT OF ME AND I'D LIKE TO TAKE HIM DOWN.

Photographer: Tripodski

What's your favourite song currently? Anything by the Dropkick Murphy's! Always puts me in a good mood.

What's a guaranteed turn on? A few things! Tattoos and confidence. Not too much though, cockiness is such a turn off. And the rest you'll be lucky if you already know.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? I'm a pole dance instructor so that helps me to keep in shape. I've been struck down with an injury/surgery recently so not been able to exercise for the past few months and managed to keep my body, so I reckon there's a pinch of luck in there somewhere too.

What do you like most about Elite? The diversity of all the chicks. So many fitties! All so beautifully different.
